Listed for San Diego: **Greg Bullock** (<http://www.bangforyourgreenbuck.com>)
Candace Vanderhoff (www.RainThanks.com)

Eden on Earth Landscaping Cottonwood, Arizona

Eden on Earth, LLC is an ecologically based landscape design firm located in Northern Arizona. They specialize in creating abundant and edible landscapes that are irrigated with rainwater and greywater.

Wilson Environmental Landscape Design Santa Barbara, California

Their mission is to design and install quality landscapes by working with nature, for people. Their projects range from complete landscape renovations to individual water features.

<http://oasisdesign.net/greywater/createanoasis/index.htm> and

<http://oasisdesign.net/greywater/stubout.htm>

A great online resource to homeowners and plumbers on how to correctly install and inspect a greywater system based on California Plumbing Code (contains excellent pictures, instructions, and checklists). You can buy the book "Create an Oasis with Greywater" by Art Ludwig for \$20.95; it is also available in local libraries.

- Check out their newest section, 'Laundry to Landscape,' which has lots of information about the washing machine system.
- Create an Oasis describes how to quickly and easily choose, build, and use a simple greywater system. Some can be completed in an afternoon for under \$30.

Plumbers & Resources

http://www.andersonplumbingheatingandair.com/Products_and_Services/Plumbing.php

This is one of the only plumbers in San Diego that performs green audits and notes a concern with water conservation on their website. Services include Green Audits, in-home inspection and training to ensure that your water usage system is operating at top efficiency.
